

BIOGRAPHY

Vincent F. Amatulli,
Founder and Principal Consultant
Application Solutions Group, LLC

Vincent F. Amatulli, Founder and Principal Consultant with ASG, has over twenty-two years experience working with executive leadership, line managers and individual contributors in the areas of strategy implementation, operational improvement, and organizational development. Mr. Amatulli's career includes extensive consulting engagements in manufacturing and process industries that focus on creating excellence through the application and integration of critical thinking skills to improve business systems, processes and projects. He has over fourteen years experience working with NASA and its contractor companies to improve Space Shuttle program performance. Earlier in his career as a project manager, he was responsible for the implementation of profit improvement systems with productivity, quality, and customer service themes. He is a certified train-the-trainer instructor and facilitator for Critical Thinking Skills in problem solving and decision-making and Project Management. Mr. Amatulli holds a BS in Administration and completed MS studies in Management from Farleigh Dickinson University, with additional studies in civil engineering from Stevens Institute of Technology.
